

Environmental statement of effects

The property at 10 industrial drive is not affected by flood waters and is not in bushfire zone , the property will be used for storage of motor vehicles and parts and therefore there will be minimal noise and emissions . The vehicles shall be away from the side fence of the property to allow mower access to mow and weed spray, the vehicles shall be kept 1.8 metres from the front boundary to allow landscape gardens to be established , the vehicles will have batteries removed , the fence will remain as a chain mesh wire fence around the boundary , the three shipping containers shall be utilised for parts to be stored .

Thanking you

Craig rumble.
